

# Project Management

We offer premier project management training that is grounded in the realities of the modern work environment. Offered in a convenient, online format, our program—which is taught by leading project management professionals—offers a rigorous, reality-based education that is designed for the working person.

- **Experienced instructors**—Learn from expert project managers who are PMP® credential holders
- **Real-world learning**—Class projects and case studies provide dynamic training in best practices and methods of project delivery
- **Convenient**—Online format can be completed in as little as 9 months and allows you to learn from the comfort of your own home
- **Free Career Assistance**—Job placement services from our partners, TEKSystems®
- **PMI Authorized Training Partner**—We have been reviewed and approved as a provider of project management training by the Project Management Institute (PMI)
