

“UC Davis Continuing and Professional Education played a direct role in enhancing my business”

–Todd Ellis, owner and project manager,
Ellis Construction

CONSTRUCTION MANAGEMENT

About Our Program

We offer the *only* construction management certificate program in the Sacramento area. Taught by professionals in the industry, our courses provide the real-world education you need –business, managerial and technical–to succeed in your career.

- **Experienced instructors**—Learn from current and veteran construction managers
- **Real-world learning**—Class projects and case studies provide dynamic training in emerging technologies and methods of project delivery
- **Networking opportunities**—Connect with instructors, professional associations and peers in the industry
- **Built for working professionals**—Our program can be completed in 9 to 12 months, and is available both in online and in-person formats

INDUSTRY FACTS

Construction managers earn a median salary of \$98,370 per year

—U.S. Bureau of Labor Statistics
