Your Leadership Training Path

We offer training that meets you where you are in your journey as a leader. From Supervisory Skills, to Management Development, to Executive Leadership, our programs provide the right training at the right time in your professional development.

Supervisory Skills Series

Offered online through remote learning

5 afternoon sessions • Tuition: \$1,325

Expand your ability to motivate, guide and communicate with your team. This course examines effective leadership practices and builds a strong supervisory foundation. Improve your individual and team productivity through effective prioritization, problem-solving and employee-engagement techniques. You will apply varied approaches to organize work, address challenges, and promote trust and collaboration on virtual and in-person teams.

Management Development Program

Offered online through remote learning

3 full-day sessions • Tuition: \$1,950

Gain a strong focus on business success, leadership and team development. New and seasoned managers will increase their ability to communicate, hold themselves and their teams accountable and produce high-value results for their organizations. Use personal assessment tools to identify and learn strengths-based approaches to teamwork and apply strategies for managing employees in remote environments. Practice skills to adapt and thrive in times of change and foster a climate of diversity and inclusion. By the end of the course, you'll articulate a personal action plan to guide, coach, motivate and inspire individuals and teams.

UC Davis Executive Leadership Program

Offered online through remote learning

12-week program • Tuition: \$5,500

Examine and enhance your role as a leader and build positive momentum within your organization. Lead more effectively by learning how to adapt and thrive in the face of change. Practice promoting inclusivity and mindfulness to support your team even in a remote environment. Examine your current leadership challenges and develop a specific plan that you'll be able to implement in your organization. One-on-one coaching, 360-degree feedback and dynamic peer interaction will provide a path for achieving your goals and new approaches for leading with authenticity and impact.
