

OLLI Road Trip: The Napa River Revealed Wednesday September 13 – 8 am – 2 pm

From the historic Mare Island-Vallejo waterfront to the tidal wetlands along the Napa River, discover a vibrant landscape, teeming with life.

Our river tour begins on the Vallejo waterfront, across from historic Mare Island and will thread through a diverse ecosystem upriver as we sail north into the Napa River and tidal estuary that can only be seen by boat. Discover the unique history of this area and its significance as a legendary shipping channel.

Sailing upriver, learn how the restoration of tidal wetlands along the Napa River are breathing new life into the land. This multi-million-dollar effort is generating meaningful growth in the population and variety of birds seen close at hand. Visitors often see seasonal waterfowl, egrets, peregrine falcons, and local fauna such as river otters, beavers, gray fox and deer.

We'll enjoy beverage service and a catered lunch during our voyage. Enroll early, seating onboard is limited!

DATE: Wed. September 13, 2023 – 8 AM – 2 PM
